<b>Food recommendation:</b>	tartar, carpaccio, vitello tonnato, feathered game (pheasant, quail, duck), rabbit, saddle of lamb, saddle of veal, beef roulade, ragout, bœuf stroganoff, desserts, cheese

**Categorisation:** Our wines of the Single Vineyard Jägerberg, classified as "Erste STK Ried" (Premier Cru STK site) are **typical for this region**. These wines demonstrate a strong and natural expression of their origin and have a high ageing potential. The harvest yield is limited to a maximum of 45 hectolitres. Premier Cru STK wines are allowed to be offered for sale at the earliest on 1st of May after 6 months of maturation.

**Wine-growing area/ single vineyard:** The Single Vineyard Jägerberg is located within the cadastral district Kranach, which belongs to the **village of Gamlitz**.

**Climate:** On Jägerberg the temperature differences between day and night are smaller - this fact provides **ideal conditions for Burgundy varieties**. These expressive wines reflect a complex aroma spectrum with an enormous tension.

**Soil:** The vineyards of Jägerberg are located in the tertiary sedimentary region of the "Gamlitz Schlier", also called "Older Schlier". ("Schlier" is a fine-sandy marl clay, in this case with deposits of sandy quartz). The existence of many fossils is a typical character for such chalky, marine sediments. The soil type is a **chalky Regosol of loamy-sandy tertiary material**.

The water retention capacity is high, the water permeability is moderate.

**Aromen nach Weißdorn und Lindenblüten.**

**Aromas of whitethorn and lime blossoms.**
