**Categorisation:** Our wines of the Single Vineyard Jägerberg, classified as "Erste STK Ried" (Premier Cru STK) are **typical for this region**. These wines demonstrate a strong and natural expression of their origin and have a high ageing potential. The harvest yield is limited to a maximum of 45 hectolitres. Premier Cru STK wines are allowed to be offered for sale at the earliest on 1st of September after 11 months of maturation.

**Wine-growing area/ single vineyard:** The Single Vineyard Jägerberg is located within the cadastral district Kranach, which belongs to the **village of Gamlitz**.

**Climate:** On Jägerberg the temperature differences between day and night are smaller - this fact provides **ideal conditions for Burgundy varieties**. These expressive wines reflect a complex aroma spectrum with an enormous tension.

**Soil:** The vineyards of Jägerberg are based on **marine sediments** of the period of the Neogene. These marine sediments are called "Gamlitzer Schlier". Lithologically, these are **fine sandy clay marls** with crystalline, but also carbonate **gravels** and **cobbles**. Deposits of seashells verify the marine character. The water retention capacity is high, the water permeability is moderate.

**Intensive Farbe, Duft nach Akazienblütenhonig, Mandelaromen.**

**Intense colour, scents of acacia blossom-honey, almond flavours.**
