Categorisation: The Single Vineyard Poharnig is exclusively planted with the grape variety Sauvignon Blanc. Our Sauvignon Blanc wines from Poharnig, classified as "Erste STK Ried" (Premier Cru STK site), are **perfect to enjoy right from the beginning, but they have also a high ageing potential**. The harvest yield is limited to a maximum of 45 hectolitres. Premier Cru STK wines are allowed to be offered for sale at the earliest on the 1st of May after 6 months of maturation.

Wine-growing area/ single vineyard: The single vineyard Poharnig is located within the cadastral district Pössnitz. This vineyard is exclusively cultivated by Erwin Sabathi – therefore **a monopole vineyard**.

Climate: Due to the tension between hot days and cool nights in combination with soft winds arriving from the Koralpe Mountains, only Sauvignon Blanc vines grow on this single vineyard site. This wine is **enormously salty**, effected by the very sandy soil.

Soil: The soil mainly consists of **sand elements and conglomerate components** in combination with weathered sandstone. The upper part of the slope mostly consists of gravel deposits with a high water-permeability.
