Wine-growing area:	Southern Styria, (only from Leutschach a.d.W. and Gamlitz)
Wine-growing region:	Southern Styria
Description of the wine:	a scent of white blossoms; a hint of peach; vibrating taste, elegant on the palate, inviting in any way; juicy and animating
Food recommendation:	green salads, cold appetizers and vegetables, traditionally Styrian snack; white meat, especially poultry (breaded fried chicken, chicken liver), fish (trout)

Categorisation: Our "Welschriesling Styrian Classic" signifies a very fresh and fruity wine. The vines of this wine flourish in numerous small vineyards in Southern Styria. This wine is allowed to be offered for sale at the earliest on the 1st of December after the grape harvest.

Wine-growing area: Southern Styria, from vines exclusively grown in **Leutschach a.d.W. and Gamlitz**.

Climate: A warm and humid **Mediterranean climate** causes a long vegetation period. Cool nights effect unique varieties of aromas.

Soil: The soil structure is characterised by firm sediment layers, deposited in this sea basin million years ago. The soil consists of fine marine sediments (geologically described as "**Schlier**"), as well as of different kinds of sand, conglomerate and gravel.
